The Danish genre organisations (JazzDanmark, ROSA, World Music Denmark and SNYK) as well as the Danish Arts Foundation are coordinating the total applications for travel grants within all genres in order to ensure optimal application conditions across genres.

An applicant cannot apply to more than one genre organisation for a specific project. We furthermore reserve the right to forward misplaced applications. Should you receive an administrative rejection on the grounds that your application should be filed under another genre organization, SNYK will contact the applicant and forward the original application to the right genre organization or the Danish Arts Foundation.
